He is recuperating nicely and should be able to resume his column next week.

EGG HUNT DRAWS 500 YOUNGSTERS

More than 500 kiddies took part in an Easter egg hunt Saturday morning at Mayfair, according to Larry Childress, store manager.

Eggs were hidden among the merchandise in the store and the hunt was restricted to youngsters. Amazingly, the merchandise was not disturbed which attested to the good training of today's young folk, he said.

Because of the good behavior of the youngsters, a super-duper hunt will be held next year, with major prizes, he added.

John Jensen Wins Fulbright Scholarship

John R. Jensen, 21, son of Mr. and Mrs. J. R. Jensen, 2580 Bonita St., won a Fulbright Scholarship at Pomona College it was reported last week.

The scholarship is for a year's study at the University of Copenhagen in Denmark. Jensen will leave for the school in August.

He said that he would attend a business school in Copenhagen for one month for an orientation course before attending college where he will major in government.

The young man is a product of the elementary schools in Lemon Grove and attended Grossmont High School. His father is a telephone employee.

BOY BURNED IN FREAK ACCIDENT

Jimmy Easterling, 16, 8120 Jefferson, former employee of the Review, was severely burned last week in a freak explosion.

He suffered second degree burns about the face, arms and legs when a manhole type gas pressure exchange pit exploded at the intersection of Olive and Central as he passed over it enroute home via bicycle.

In his own words Jimmy reported:

"I was walking west near Olive and Central, pushing my bike when the explosion occurred. A car had just passed by and the gas in the gas pressure exchange pit was possibly ignited from a cigarette thrown from the car.

"The lid was jarred loose and the explosion dazed me. It was a few minutes before I realized that I had been burned. I tried to ride my bike but the pain was so great about my eyes that I had to leave it near Kempf and Lincoln, and walked the rest of the way. No one was home. They were out shopping. I put oil on my face which had started to swell up and blister. It hurt so bad I had to go to bed. When my parents came home they called the doctor. My eyebrows and eyelashes were burned off and my hair singed. The doctor said I had second degree burns and made me stay in bed."

Jimmy is recovering nicely at home but is still not permitted to leave the house.

Merchants' Division Of Chamber Formed and Starts Action

Approximately twenty local merchants organized the Merchant's Division of the Chamber of Commerce at a meeting Monday night.

A long range promotional plan, aimed at attracting more people to shop at Lemon Grove, was agreed upon. Dramatization of the Grove's natural assets such as no parking meters, no city sales tax and plenty of parking near every store was also planned.

Abe Goldberg was unanimously elected chairman. Ted Skelley and Bob Vaught were elected vice-chairmen.

Next Monday the Merchant's Division of the C. of C. will again meet at the court building and definite plans will then be started to carry forward the over-all objective of promoting Lemon Grove as a shopping center.

Nearly two centuries ago Washington threw a dollar across the Potomac (or was it the Rappahanock?). This year Washington is throwing billions across the Atlantic.

"Open wide and take your medicine," says pretty Nadeen Remick to crochety "uncle," Bill Baxter. We are seriously wondering if he will swallow that "stuff" with the professional aid of "Dr. Bill," David Gallagher. The amusing incidents that can happen to a doctor who is not an M.D. but a Ph.D. center around these three people Thursday, Friday and Saturday nights at the Helix High School Speech Arts Department when the Heartland Players present their latest production, "Take Your Medicine." Curtain time is 8:15, so come and see Harry Robinson, the jolly Mr. Puckett, a group of pretty nurses, and one who isn't considered so pretty, help get these three people into really hot water, along with the assistance of several characters, visitors, etc., who somehow find their way into this private hospital room.

The Heartland Players promise an evening of thorough enjoyment for all of Lemon Grove attending this hilarious farce comedy. This carefully lined play by Felicia Metcalf will assure the best sort of entertainment for family groups. Tickets will be on sale at the door play nights. The price is 75c for adults and 25c for children. Emily Jorden is director.

Individual Landscaping Memorials Possible At Hospital

By MARY LANDESCO

Has a lovely lady with a tightly rolled scroll of drawing paper in her hand appeared before your organization? Several local groups have seen and heard her recently; among them, the Lions, Kiwanis, Kiwanianes, and Business Women. The lady is Mrs. S. P. Thacher, Grossmont Hospital Women's Auxiliary's garden chairman. The scroll is the landscape architect's drawing of Grossmont Hospital's landscaping.

What Mrs. Thacher had to offer is the privilege of dedicating—to a loved one, an organization, or a cause—a tree, shrub, planter, or other component of Grossmont Hospital's landscaping, which has been planned as a "Memory Garden." For a donation of $5.00 to $25.00, one may dedicate a beautiful tree; a gorgeous shrub for as little as $1.00; a massive planter for a munificent $300.00—and thereby endow a living, enduring memorial in perpetuity. Replacements, should any be necessary, are guaranteed by the auxiliary. A framed copy of the drawing by architect Roland S. Hoyt, keyed to a permanent record of all dedications, will be displayed prominently in the hospital, making identification and location easy.

The state and federal governments participate with the district in paying the cost of the hospital building but do not consider landscaping as a part of the building costs in which they share. So the auxiliary undertook the responsibility for underwriting the financing of the landscaping; and, with the proceeds from benefits supported by residents of the district, has been able to finance the preliminary steps, such as the landscape architect's fees. Now the time has come for the actual planting, and the architect is entertaining bids on the planting materials that are due to go in prior to the hospital's opening, expected to be early in August. The materials chosen are "natives" and others well suited to the soil, terrain, and climate, that require a minimum care, irrigation, and fertilizing. Only the area immediately surrounding the building will be planted at this time; the remainder will follow later, after access roads and other planned developments have been completed.

A number of Lemon Grove organizations — Kiwanianes, Business Women's League, Women's Club Seniors and Juniors, Young Mrs. of the Congregational Church —and several individuals—have already made "Memory Garden" reservations, but many more are still available. Mrs. S. C. Brumbaugh, garden chairman for the Lemon Grove area, has a copy of the architect's drawing. She will be glad to show it and to explain the "Memory Garden" plan in further detail to any interested individual or group. Call her at HO 9-1120.

More than 20,000 persons are expected to be attracted to the annual Lemon Grove Rodeo when the barriers are sprung on a two day event Saturday and Sunday, June 18 and 19 (the latter being Father's Day) under the auspices of the local Chamber of Commerce, it was announced this week by Dr. Robert Swenson, chamber president.

Approximately 75 contestants will vie for $3,000 or more in prizes while trick riders, trick ropers, clowns and fancy, local riders take part in the event.

In the years past the rodeo was presented by St. John of Cross Church but this year they offered it to the chamber. The church will operate, as usual, the fiesta which is run in conjunction with the rodeo contests. Booths for refreshments and prizes will be bigger than ever this year, members of the church group stated.

Dr. Swenson said that coupon books would be sold in advance of the rodeo event. These coupons would be good for $1 toward the purchase of tickets. In addition, he said lucky coupon buyers would be eligible for an all-expense-paid trip for two persons to the Sahara Hotel in Las Vegas. These tickets will be available in Lemon Grove next week, the committee reported.

Ticket prices are considerably lower than last year although the show will be bigger and more prizes will be offered. Admission tickets will sell for 55c for kiddies; $1.65 for adults and $2.20 for reserved seat tickets.

Father McDonough of St. John's Church said, "We are very pleased that the Lemon Grove Chamber of Commerce is taking part in a community project our church started. Actually, the rodeo is a thing the chamber should have taken over long ago because it attracts so many people to the community. The church willingly relinquishes its rights to the rodeo this year," he said. "With the chamber taking part it should publicize Lemon Grove as it has never been advertised before."

Dr. Swenson said that the chamber stood to make at least $1,000 this year on the rodeo.

The profits, he said, would be used to partially defray the salary of a paid chamber manager and pay for additional strings of lights to decorate the business section at Christmas time.

Most heartening, he said, is that the business people will not be called upon to underwrite the expense of the rodeo. "We have enough advertising in the booklet, and enough indication of advance sales to cover the expenses involved," he pointed out.

The producer of the rodeo has agreed to put up $1100 prize money which the church paid for last year, Dr. Swenson said. "This assures us a profit even if ticket sales are mediocre," he said.

A meeting of all committee members has been called for Tuesday, Swenson said. The meeting will be held in the Justice Court.

Committee members named to date are:

General chairman, Dr. Robert Swenson.
Co-Chairman, Earl Smart.
Treasurer, Bruce Harms.

Special Events, Ted Skelly.
Photography, Roger Johns.

NEW MANAGER FOR LOCAL BANK

Robert C. Wilson (not the politician) has been named manager of the La Mesa, El Cajon Savings and Loan Association in charge of the Lemon Grove agency office, it was announced this week by John Davis, president of the firm.

Wilson replaces Roy Barth, who resigned to devote his time to personal interests. Wilson was associated with the Linda Vista branch of the Bank of America before joining the La Mesa-El Cajon Savings and Loan Association. At the latter he served as assistant secretary before being promoted and transferred to Lemon Grove.

Wilson is married and has two children. The Lemon Grove branch office of the loan firm enjoyed a substantial growth on Barth's direction, Davis reported.

Nine Hundred Lemon Grove School Kiddies to Get Polio Immunization

By DOROTHY ARMSTRONG

Nine hundred children of Lemon Grove may be safe from the ravages of polio as a result of the administration of the newly approved Salk vaccine. This figure represents seven eighths of the total first and second grade pupils in Lemon Grove schools. These grades were selected because of their vulnerability to the dread disease. This vaccine, tested on almost two million American school children, was definitely declared effective for immunizing against poliomyelitis.

The American National Red Cross will transport the vaccine from the health centers to the innoculation centers in this area, including Lemon Grove and Spring Valley.

Mrs. Frank Armstrong, as Motor Service Chairman, will obtain the vaccine and the accompanying kits from the Children's Hospital on each Friday before the Saturday date set for the mass innoculation. All parents who gave so generously to the March of Dimes campaign and who are giving at this time to the Red Cross campaign will feel a deep sense of pride in their giving for such worthwhile projects. The Red Cross campaign is not completed in this area as yet, as Art Thomas, campaign manager, feels that Lemon Grove will want to make an additional effort to bring our quota somewhere near our goal.

Mrs. Dassah Newton and Miss Marie Massey are receiving contributions in the bank and post office.

Dr. Simon Brumbaugh Jr., Dr. Milton M. Miller, Dr. David W. Wilhite, Dr. Benjamin Woro, and Dr. Wendell W. Robley will be assisted by school officials, P-TA members and public health employees in administering the vaccine at the Lemon Grove Intermediate School on each of these three Saturdays: April 16, 23 and May 21. Dr. Robert Rosen, Dr. Joseph F. Contasti and Dr. John P. Dahlstet will have the same assistance in Spring Valley at 3845 Spring St.

SCHOOL BOARD IN VARIED ACTIVITIES

By SCHOOL REPORTER

The Lemon Grove School District to date is operating well within its budget set last summer, according to a financial report given Monday evening to the board by Paul Reynolds, business manager. Expenditures during this school year from all funds have been in accordance with budget estimates. Purchase orders were then approved for the purchase of a piano at the Golden Avenue School, venetian blinds for the kindergarten room there, floodlights for the education center, certain tools for the maintenance department, blackout blinds for two junior high rooms, and blacktop areas at Golden Avenue and Monterey Heights Schools.

The board also approved the addition to the Monterey Heights Schools. The additional classrooms are now in full operation.

The board passed a resolution endorsing A.B. 2600 which would change the procedure for taking action against employees and teachers who have violated their responsibilities as provided in the education code. It also permits suspension of teachers instead of discharging them under the present law.

Travel allowances were approved for Mrs. Emma Tait and Mrs. Nancy Tuthill to attend the spring Cuyamaca retreat of the County Curriculum Planning Committee, for Robert Offord, president-elect of the local teachers association, to attend the annual National Educational Association convention in Chicago during the first week of July, and for Paul Reynolds, board members, and district office staff members to attend the California School Business Officials Convention at Coronado, April 13-16.

The board adopted a resolution of acceptance of the deed to the Madera Street property, land to be used sometime in the future as an elementary school site. At the same time they accepted the additions to the Monterey Heights School. Authorization was given for the public notice of sale of the frame house on the junior high site at the end of Acacia Street. This structure, formerly used as an administration building, is state property and proceeds from the sale will go to the state building fund.

A new official uniform for district school bus drivers was adopted by the board at the meeting. The new regulation uniform is similar to that worn by San Diego Transit System employees.

Report of the salary committee of the Lemon Grove District Teachers Association was postponed because all board members were not in attendance. Those present were Bert Betts, Frank Armstrong, and Robert Brown.

The next meeting will be held Monday evening, April 25, 7:30 at the Education Center.

Dr. H. C. Fellers, pastor — "There is a new interest on the part of youth in world affairs—demanding intelligent and intelligible answers to their questions."

The Dimmer VIEW

By MAX GOODWIN

Last year when I was serving as one of the sub-committee heads on the Grossmont High School Citizen's Advisory Committee we attacked the problem of today's youngsters' inability to read, write or spell. I incurred the considerable wrath of all concerned by asking at a meeting just what California's schools were about if not to teach its students the three Rs.

A couple of other businessmen who took high school youngsters into their organizations from time to time for job training reluctantly admitted that they suffered the same trouble as I. The kids seemed willing to work, they admitted . . . but they couldn't spell or figure. I hold that they can't read either if they can't perform the other two basic scholastic endeavors.

Now comes an old editorial writer by the name of James Dorias, associate editor of the California Feature Service, who embelishes my opinion with a piece concerning an educator who views this modern day teaching as dimly as I. He writes:

One of the most controversial books to hit the stands in many a year is a slim volume titled "Why Johnny Can't Read," written by a noted linguist, Rudolph Flesch.

Wherever Mr. Flesch's book is reviewed, agitated letters start appearing in the letters-to-the-editor columns agreeing fervently with the author or denouncing him violently. "Why Johnny Can't Read" is rapidly on the way to becoming a best-seller; bookstores, unprepared for the demand, have not been able to keep it in stock.

The book is a hard-hitting, uncompromising attack on the sight-reading or word - recognition method of teaching reading that has been in vogue in American schools for the past three decades. In the author's opinion, children are not taught today to read words, but merely to guess words.

Mr. Flesch believes that the only sensible system of teaching reading is the phonetic system of breaking words into their component parts, of learning to recognize, pronounce and spell words through familiarity with the sounds and symbols of vowels and consonants. He doesn't believe that a little bit of phonetics, introduced in the second or third grades, will do the trick; nor will he agree that phonetics is just one of several acceptable methods of teaching reading. He advocates it as the only workable system and believes that it must be employed from the very beginning.

In support of his case, the author points out that outside of America, the phonetic system is used in every country in the world with a civilized language except in China, where there is no alphabet. He points out, too, that only in America are there remedial reading classes for children in the upper elementary grades and in high school who haven't learned to read, and that only in the last 30 years, since adoption of the sight-reading system, have remedial reading classes been necessary here.

To defenders of the sight-reading method who argue that English is not a phonetic language, Mr. Flesch replies that English is merely more irregular than most languages, and that 87 per cent of English words follow fixed rules.

One chapter of "Why Johnny Can't Read" is devoted to research into the scientific justification for the sight-reading method. The author contends that although the impression has been cultivated that a great deal of scientific experiment preceded adoption of sight-reading, in actuality the extent of such experiment is very meaker and faintly ridiculous.

Mr. Flesch also contends that countless children lose interest in reading because, as a result of the word-recognition system, they are unable to cope with the exciting children's classics enjoyed by former generations but are condemned to an endless recital, year after year, of the dull activities of a couple of fatuous children named Bill and Susan, or their counterparts.

To all of this, Mr. Flesch's critics say it just isn't so and that children are reading better than ever. The argument waxes hot and heavy; whatever else may be said for Mr. Flesch, he has certainly started something.

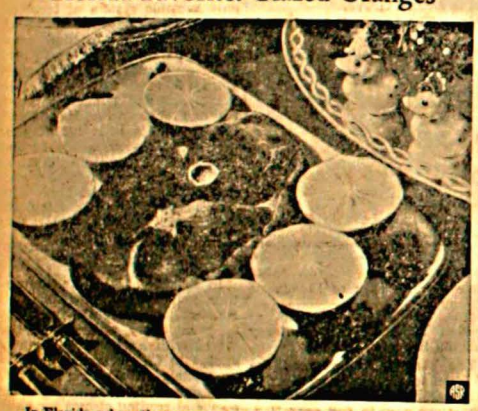
Florida Favorite: Glazed Oranges



In Florida, where they grow more and better citrus fruits every year, local cooks have naturally experimented with a variety of ways of using the juicy, delicious fruits all through their menus. One of the zestiest and most unusual ways of preparing oranges as a meat garnish are these glazed oranges, seasoned with sugar and cinnamon. Makes a wonderful accompaniment for that slice of ham or for a whole ham.

The oranges coming into market now are the prized Valencias, seedless, juicier, and sweeter than any other variety. The Valencias are large enough, too, so that they can be halved and eaten like grapefruit. Easy to section, the children will enjoy them as a lunchbox item.

Here's the recipe for the spicy glazed oranges.

Florida Glazed Oranges With Ham Steak

3 Valencia oranges
¾ cup sugar
¾ teaspoon cinnamon
2 tablespoons butter or margarine
1 1-inch thick slice ready to eat ham

Place oranges in saucepan; cover with water. Bring to a boil and cook 30 minutes, or until tender. Drain; cut in half. Mix sugar and cinnamon; sprinkle each half with 2 tablespoons of the sugar mixture and dot each half with 1 teaspoon of the butter. Slash fat edges of ham; place in baking pan. Place orange halves around ham. Bake in a moderate oven (350° F.) 40 minutes.

YIELD: 6 servings.

Brookside Home Owners Lose Suit To Have Ditch Covered

Last Saturday (April 2) Judge Shell of Superior Court ruled against the Brookside Home Owners in their suit to have the county cover and beautify the ditch along Fairway Drive. The suit was filed in the names of George Blount and Donald McDaniel Jr., who said they represented 292 home owners.

The complaint alleged that the ditch is a hazard for children, automobile drivers and mosquito breeding. Brookside witnesses included: one who claimed he had sustained a broken arm, one, a broken leg, and one, a brain concussion. Many pictures were shown of autos in various positions in the ditch.

Testimony during the trial claimed it would run about $75,000 to pave the ditch along Fairway, and $144,000 to lay storm sewer pipe and cover the ditch.

Judge Shell said that "safeguarding of communities, disposal of sewage and drainage are legislative matters for determination by the county board of supervisors." He said that an injunction is not necessary as the county has already assumed mosquito control of the area. He pointed out it is up to drivers of vehicles to take more precaution while driving along the side of the ditch. He said he knew it was impossible for parents to keep their children out of the ditch, but that did not necessarily constitute a hazard.

Donald McDaniel, chairman for the committee of the home owners said that they are now waiting for a full report from their lawyer. As soon as that is received, the people will be notified and told of the report. Then it is up to them. He concluded by saying there are three steps they can take if they wish to continue: one, they can appeal; two, it can be brought before the board of supervisors; three, it can be taken before the board of health.

!THE SHOW'S THE THING!

"Track of the Cat," which opens at the Grove Theatre this Thursday, is a moody and interesting movie produced by the same gents who gave filmland "The High and the Mighty."

The color is terrific with Mt. Rainier being the location of this unusual horse-opera. The film is full of reasonable amounts of action and suspense, but is the type of movie you either like or don't like—no in-between! The story mainly stresses the psychological analyses of some of the members of the hermit-type, tragedy-plagued frontier family. The pic stars Robert Mitchum, who portrays a domineering son in this unhappy family, and Mr. M. gives a rugged performance.

The plot concerns a hunt for a panther that has been making a meal of the ranch livestock, but how the killer is slain gets lost midway through the picture. The color is unusual as it concentrates on accentuation of the whites, grays and greens of the snow-clad, pine-tree-dotted mountains and the homestead.

Teresa Wright and Beulah Bondi, two ex-La Jolla Playhouse actresses, give top notch acting performances in this movie. Miss Wright portrays an embittered spinster and Miss Bondi portrays a strong-minded, stricken pioneer mother who seeks peace from the "good book." The companion picture is "Ten Wanted Men" starring Randolph Scott. The main movie for the kid's matinee on Saturday is "Apache War Smoke" with Gilbert Roland.

The two pics for Sunday-Tuesday at the Grove show is Spencer Tracy in "Dr. Jekyell and Mr. Hyde" and Joan Crawford in "A Woman's Face."—B. T.

V.L.M. STYLE SHOW TO HAVE 'PLEASURE' THEME

"Shared Pleasure" is the theme for the style and hobby show to be presented by the Vista La Mesa P-TA Thursday, April 14 at 6:30 p.m. in the Vista La Mesa school cafetorium.

The theme was chosen, committee members explain, because in springtime nearly everyone thinks of hobbies or new clothes, or both, and that sharing them with others would be a pleasure to all.

The entire family may model, but all clothing modeled must have been made at home.

Children and parents alike may display their hobbies of various nature.

A Motorama display by the sixth grade pupils, under the direction of their teacher, Mr. MacGilvrey, will be an added attraction.

Decorations for the style show will feature a garden setting. Discarded venetian blind slats will serve as a picket fence. These will be entwined with flowers and greenery. White iron patio furniture will add atmosphere to the scene.

The rooms will be open for viewing the hobby displays at 6:30 p.m. A short business meeting is to be held at 7:45 p.m. followed by the style show.

Mrs. R. C. Alexander is president of the unit. Mrs. Wallace Simms, program chairman, is assisted by Mrs. Ivan Arms as chairman of the style show, and Mr. Calderone and Mr. MacGilvrey as chairmen of the hobby show.

First grade parents will be hosts.

Local Man to Take Part in Palomino Horse Assn. Dinner

Grossmont High School Budget Tops $2½ Millions

The Grossmont Union High School District Board of Education studied a preliminary budget report for 1955-56 at its regular meeting Monday night. Harold G. Hughes, assistant superintendent, in presenting the preliminary budget, emphasized the tentative nature of the budget at this early date.

Hughes explained that the increases in the estimated expenditures of $244,466 was necessitated by the 700 additional students who will enroll next fall and the provision for equipment, supplies, operation and staffing of the new El Cajon Valley High School.

The initial budget decreased the proposed expenditure per pupil from $340 in 1954-55 to $330 for 1955-56. Cost per student in high schools throughout the state is approximately $400.

The budget calls for an expenditure of $2½ millions.

The board deferred action on the budget as it will be reconsidered at the June meeting.

Morris Sankary, San Diego attorney, and his wife, Assemblywoman Wanda Sankary, are expected to pay the Homeland Club a visit as guest speakers on Friday evening, provided Mrs. Sankary is able to arrive here on schedule.

A business meeting will be held promptly at 7:30 p.m. Call HO 9-2916 for further inquiry.

Dorman is a 1953 graduate of Helix High School, where he was a four year letterman in basketball and a three year letterman in track. He captained the track squad during both his junior and senior years.

"DOCTRINE OF ATONEMENT" LESSON SERMON

"The Son of man came not to be ministered unto, but to minister, and to give his life a ransom for many." Thise verse from Mark (10:45) will be the Golden Text in the Sunday Lesson-Sermon on "Doctrine of Atonement" in all Christian Science churches.

The healing import of Jesus' atonement and its practical application to human affairs is pointed out by John in his first epistle (2:1, 2) when he says, "My little children, . . . if any man sin, we have an advocate with the Father, Jesus Christ the righteous: And he is the propitiation for our sins: and not for ours only, but also for the sins of the whole world."

Mrs. Brydegaard Reads Mathematics Paper at International Conference

An area resident, Mrs. Marguerite Brydegaard, 1143 Helix View Dr., has gained signal honors in the teaching fraternity when she was invited to lead a week-long international study group in Kansas City this week. The event is the 1955 Annual Study Conference of the Association for Childhood Education International.

The wife of Herluf Brydegaard, noted school architect, Mrs. Brydegaard is associate professor of mathematics at San Diego State College. At the study meeting she will lead the group in consideration of mathematics in elementary schools.

She will also attend meetings of the editorial board of the monthly magazine "Childhood Education." She is one of three persons on the Pacific Coast to have been awarded a two year appointment to the board last summer.

Last year she presented a paper at the University of Washington at Seattle before the National Council of Teachers of Mathematics and has been invited to present another one this year at Indiana University.

Mrs. Brydegaard is co-author of a book "Building Mathematical Concepts in Elementary Schools" which she did with Dr. Peter L. Spencer, professor of education at Clairmont Graduate School.

Dr. Nicholl Heads California Optometric Committee

Dr. Calvin Nicholl, Lemon Grove optometrist, and secretary of the San Diego Optometric society, has just been appointed chairman of the ethics vigilance committee of the California Optometric association.

The announcement was made by Dr. Gordon Kindy, of San Diego, and La Mesa, who is president-elect of the state group.

Dr. Nicholl has long been active in the field of optometry, and recently attended the state convention of the California Optometric Association in Fresno, where Dr. D Le Roy Leatart, of Long Beach, was elected president. It was Dr. Leatart who named Nicholl to the state committee post.

The president, Mrs. S. C. Brumbaugh Jr., will preside at the meeting, which all members are urged to attend as the committee to nominate next year's officers will be appointed.

A group of travel pictures will be shown by Ivan Shaw of Lemon Grove's new travel bureau. Tours of the South Pacific and Hawaii have been requested; or other equally glamorous vacation spots. Literature will be provided for those interested and travel questions answered.

New member Judith (Mrs. Ivan) Shaw was introduced at the group's March meeting, which was highlighted by the choice of a tree to be dedicated in the name of the Lemon Grove Kiwaniannes and planted in Grossmont Hospital's "Memory Garden," as made possible by Grossmont Hospital's Women's Auxiliary in which several Kiwaniannes are also active.

GROSSMONT BOARD ACTS ON LAKESIDE SCHOOL SITE

The Grossmont High School District has given the green light to acquisition of a 50 acre high school site near Lakeside, it was announced today by Supt. Lewis F. Smith.

This site, known as Cactus Park, is presently owned by the county under a deed which restricts its use to park or school purposes. Since the county has three parks in the Lakeside area, the Cactus Park is not needed for park purposes.

Negotiations with the County Board of Supervisors will proceed immediately although the school will not be needed until 1960.

GOLDEN AVENUE P-TA EXECUTIVE BOARD DISCUSSES STATE CONVENTION

The Executive Board of the Golden Avenue P-TA met Tuesday evening April 5, in the home of Mrs. Ellwyn Middleton. RAINBOW GIRLS PLAN HAM DINNER

La Mesa Assembly of Rainbow Girls has been having a busy time lately. Nine girls, accompanied by Mother Advisor, Mrs. Joe Dolan, attended the recent Grand Assembly in Long Beach. Grand Assembly is the state-wide convention and is held annually during the first half of Easter vacation.

The girls attending were Joy Dolan, Jo Manchester, Connie Clark, Anne Alesch, Pat Gimble, Sandra Hamilton, Diana Smith, Barbara Buss and Joyce Stebner.

While there, two members of the assembly and two members of the advisory board were awarded the Grand Cross of Color, one of the highest honors given to a Rainbow Girl or adult leader. This award is given for some service which the recipient does for her assembly.

Receiving the Grand Crosses were Joy Dolan, Worthy Advisor, Sandra Hamilton, Junior Past Worthy Advisor, Erma Dolan, Mother Advisor, and Leon Mathews, chairman of the advisory board.

Several girls decorated Easter eggs for the La Mesa Eastern Star's Junior Oficer Night. The girls had a grand time working with scraps of net, cloth, ribbon, and even some old ostrich feathers.

Easter Sunday, assembly members, their families and friends were entertained with a delicious breakfast by Mr. and Mrs. Clarence Wagness at The Oaks Boys School in Spring Valley. The meal consisted of pancakes, ham, eggs, and baking powder biscuits with coffee, tea and cocoa to drink.

On Tuesday, April 26, La Mesa Rainbow is sponsoring a Ham Dinner at 6 o'clock in the evening. The donations will be 75c for children and 1.25 for adults. Anyone interested in tickets may call Jo Manchester at HO 6-3479 or Terry Clough at HO 6-8651.

Food King Market Becomes Blue Pacific Stamps Dealer

The Food King, the Spring Valley market at Campo and Bancroft Roads, will take on the famous Blue Pacific Trading Stamps, it was announced this week by Foster Willett, proprietor of the organization.

These stamps, says he, have grown extremely popular throughout the southwest and south central states.

Such items as branded appliances, clocks, cameras and household items are exchangeable for the stamps. For example, a Sessions saucer clock is given for two books and an electric toaster for only 1½ books.

Stamps will be given for each 10c purchase and each book will contain 1200 stamps. Theoretically, a family with a $30 a week food bill could fill a book each month.

The Wall Street Journal in an issue earlier this year gave a pretty encouraging picture of the stamp fad, Willett said. Well over 100,000 retailers are using stamps as a sales stimulant, the newspaper pointed out. "Stamps," say they, "have a delicious quality: The more money you spend, the more stamps you save."

Willett said that his Food King Market would give $5 worth of trading stamps to each customer during the starting of the promotion.

Each person who wishes them will get 50 of the bright blue stamps and a book to put them in.

"We are following a nationwide trend of giving better value for the consumer dollar," Willett said. "We intend to keep our low competitive prices effective all week long instead of offering week-end specials. The Blue Pacific Stamps will be in the form of a bonus," he said.

"Our policy will continue to be giving our customer what she wants. We think we have these things in this new venture—low prices and stamps exchangeable for wanted merchandise."

A display of the premiums has been set up in the store. Willett is former proprietor of the Foodmaster in El Cajon and Farmer's Market on Midway Drive in San Diego. The Food King is open seven days a week.

Lakeside Rodeo To Feature 150 Participants

Upwards of 150 cattle punchers and professional rodeo entrants will take part in the contests for $4000 to $5000 in cash prizes at the first championship rodeo of the season Saturday and Sunday at the Lakeside Rodeo Arena, according to C. M. Mathis, manager.

Headliners among the professional performers will be El Coyote, Mexico's riding and roping champion; Wilma Tate, champion girl calf roper who will compete against the cowboys in that and the team roping events; Sylvester and Barbara Braun, trick riders and ropers; TV stars Smokey Rogers and Ranger Hal; Cecil Payne, and others.

The rodeo arena has been renovated and repainted for the rodeo, Mathis said, and refreshments will be available. He urged early arrival for best seats. Performances will start at 2 p.m. each afternoon.

Saturday evening the arena and Smokey Rogers will present a double-barreled Western dance at the arena and the Bostonia Ballroom. Tickets purchased at either place will be good for admission to either dance, Mathis said.

Each afternoon Ranger Hal will distribute three bicycles—a total of six—to members of the Ranger Hal club. A special price of 50 cents has been established for club members with cards or buttons, Mathis said.

National Conservation Week Marked Locally

By KEN CONRAD
Kiwanis Conservation Committee Chairman

Most people do not realize that the week of April 10-16 is National Conservation Week. However, the Lemon Grove Kiwanis Club in conjunction with this observance, continued to demonstrate its public and civic program of ever being active in the community. On Wednesday of this week, the club adjourned its regular meeting early and in a body went to the Lemon Grove Junior High School where ten evergeen elm trees were planted by the members of the Kiwanis Club.

This not only served as a conservation measure but also may add to the beautification of our community and at the same time enabled Kiwanis to once again work with the youth of our community. That as their trees grow to maturity, so may our youth grow to young men and women and become the all important part of any community, good citizens.

Fair Premium Books Ready to Go

Copies of the 16th annual 250-page premium book, listing more than 3500 sections open to competition at this summer's Southern California Exposition and County Fair at Del Mar, June 24 through July 4, now are ready for distribution.

More than 3200 previous year exhibitors will receive these books, Mrs. Lorene Bohn, supervisor of entries, said today. A smaller publication, listing the various classes in the Exposition's National Horse Show, also is available. Potential exhibitors can secure these books, free of charge, simply by writing to Entry Department of the exposition.

Approximately $109,000 in premium awards are offered. Last year, a record $64,000 was paid out to winning entries. There are 12 major competitive categories including livestock, feature exhibits, agriculture, horticulture, home economics, floriculture dairy products, bees and honey, gem and mineral, poultry, rabbits and junior fair. When requesting a premium book, it is helpful to state the type of entry involved, Mrs. Bohn pointed out.

Methodist School of Missions to Begin Sunday Night

"Christ in the City" is the theme of the Second Annual School of Missions to be held by the Methodist Church, according to Mrs. Blanche Heath, chairman of the Commission on Missions. This four-week program will begin Sunday night at 5:30 p.m. and will continue each Sunday evening through May 8. Meetings will be held at the Woman's Clubhouse, 2810 Main St.

This annual mission emphasis is being held for the entire church and community. It is most timely with the rapid growth of Lemon Grove from a semi-rural area to an urban area. Everyone is invited to attend the school.

Several interesting features are planned. The first Sunday night will present the newly released movie entitled "City Story." This depicts how a city church geared its program to meet the needs of city people. Another feature will be an address by Mr. Wayne Neal, executive secretary of the San Diego Council of Churches. Young people of the Senior High M.Y.F. will also present the play "Take Any Street" for the last Sunday night of the school.

Meetings will be held from 5:30 to 7:30 p.m. and will be for all members of the family. Light refreshments will be served. There will be classes and activity groups for everyone. And a feature like those already mentioned will be presented each evening. The community is cordially invited to participate.

Seating for everyone desiring to watch the free shows in front of the grandstand at the Southern California Exposition and County Fair at Del Mar, June 24 through July 4, is assured with the completion of the new grandstand extension.

PROFITABLE PLAY

Each New York Giant player drawing a full share of the player proceeds in the four-game World Series sweep last year received a record sum of $11,147.90. Each player in the losing Cleveland Indian team reecived $6,712.50.

TAKE a peek at your kitchen shelf, Mrs. Homemaker, and see if you can spy a couple of cans of macaroni . . . the scrumptious kind with cheese sauce. Then look again and see if you have a can of tuna (the 7-ounce size will do). These two . . . macaroni and tuna . . . are the makings for a main dish worthy of compliments.

Simply combine 2 cans macaroni with 1 can tuna in a lightly greased 1-quart casserole. Bake in a moderate oven (375°F.) about 25 minutes until casserole is hot and flavors are blended. Yield is 4 servings.

If you're in a hurry and there's half a green pepper in the refrigerator, grab it and follow this recipe:

Ten-Minute Tuna Macaroni
½ medium green pepper, diced
1 tablespoon butter or margarine
2 cans (1½ cups) macaroni with cheese sauce
1 cup drained flaked tuna (7-ounce can)

Cook green pepper in butter until soft but not brown. Blend in macaroni and tuna; heat. 4 generous servings. FNS

A Cake of Company Elegance

Apple Sauce Filled Spice Cake

YOU'LL HAVE FUN making this cake. It turns out high and prideful, rich and handsome—a cake of company elegance. Even if you never baked a cake before in your life, you can make this one and have it a delight to serve . . . to guests any time . . . to the family whenever the mood strikes you.

Item one—the spice cake itself is a packaged cake-mix. No problem there. Item two—that deep and luscious filling is canned apple sauce which you can buy in any grocery store. The apple sauce lends a delicate moistness and keeping quality to the cake as well as that good apple flavor. Item three—the frosting is a simple brown sugar froth knifed on in thick swirls. Result—a real stand-up beauty of a cake that's downright delectable eating.

APPLE SAUCE FILLED SPICE CAKE

1 pkg. spice cake mix
1 cup canned apple sauce
1 teaspoon grated lemon rind
1 tablespoon lemon juice
2 tablespoons cornstarch
*** Brown Sugar Frosting**

Bake spice cake according to directions on package. Cool layers. Combine apple sauce, lemon rind and juice. Soften cornstarch in a little cold water; add to apple sauce. Cook until thickened, stirring constantly. Cool; spread between layers. Frost top and sides of cake with frosting.

*** BROWN SUGAR FROSTING**

1½ cups firmly packed brown sugar
⅓ cup water
2 egg whites
Few grains salt
1 teaspoon vanilla extract

Boil together sugar and water to 240° F. (or when small quantity dropped in cold water forms semi-firm ball). Beat egg whites stiff; gradually add syrup, beating constantly, until frosting holds shape. Add salt and vanilla extract.

Nation's Top Rose Show in S. D. This Week

The nation's largest all-rose show will be staged Saturday and Sunday when the San Diego Rose Society presents its 28th annual Spring Rose Show in Conference Building, Balboa Park.

Traditionally one of the southland's top floral attractions, the two day event will feature more than 50,000 blooms in more than 75 competitive divisions and feature exhibits.

Forming a backdrop for the displays will be 15 model miniature rose gardens, showing the use of roses in both formal and informal settings, in patios and as a background for garden pools and lanais.

Show hours Saturday are from 1 p.m. to 9 p.m. and on Sunday from 10 a.m. to 6 p.m.

Assembly School Tax Bill to Ways and Means Next Week

The bill to stop pyramiding of school taxes, AB 328, will be considered by the Assembly Ways and Means Committee Thursday, April 21 at 3 p.m. in Sacramento.

The bill, co-sponsored by Hegland with Assemblyman Jack Schrade of El Cajon will face opposition from John M. Pierce, director of the budget. His opposition is based on the possibility that the excessive burden would have to be borne by the state, rather than by the local districts.

Local school officials and interested citizens plan to attend the hearing to support the bill. Letters from individuals and resolutions from organizations to Chairman Thomas W. Caldecott of the Ways and Means Committee and to Assemblymen Hegland and Schrade are needed.

LEGION AUXILIARY PLANS PARTY

The American Legion San Diego Women's Post 451 extends a cordial invitation to eligible women veterans in this area to attend an annual card party and luncheon Saturday, April 23, at 12:30 p.m. in the War Memorial Bldg.

Applications for membership will be received at this time.

Miss Margaret Sullivan, post commander, has announced that memberships have been reopened in preparation for the coming convention in June.

There will be a business meeting and election of officers at 11:30 a.m. just preceding the luncheon.

For information and reservations call: HUdson 8-3427; HIckory 4-3660; BElmont 4-4280.

"Look, Ma, no hands!" Patti Young, telephone company secretary, demonstrates that no hands are required in operating a new "No Hands" set now available for the first time.

A similar installation (of the phone) has been made in the office of the Review.

Telephones that you can operate without using your hands are now available in the HOpkins exchange for the first time.

Called a "No Hands Telephone," they are a combination of a regular set and an additional speaker for incoming calls. They have the advantage of permitting a user to do things with both hands while carrying on a conversation. They also can be used for a conference type call in which several people join the conversation on one end of the line.

To operate the device, all that is necessary is to press a button, dial a number and wait for someone to answer. From then on, one can carry on a conversation as if the person called were sitting in the same room.

The microphone below the dial is sufficiently sensitive to permit conversation in an ordinary speaking voice by persons several feet from the instrument.

HIGH SCHOOL TRUSTEES ELECTION TO BE NEXT MONTH

May 20 is the date set for Grossmont High School District Trustees election. Candidates must file with the County Superintendent of Schools not later than April 20, 1955.

The terms of Trustees C. H. Foster and Rexford L. Hall expire on June 30, thus creating two vacancies on the board. Foster and Hall have filed declaration of candidacy for reelection.

C. H. Foster, present board chairman, is a resident of Lakeside. He has served on the Grossmont Board for 19 years. He is a dairyman, active in the Farm Bureau. He has long been a civic leader in the Lakeside area.

Mr. Foster has four grandchildren enrolled in Grossmont High School. Eight more are attending Lakeside elementary schools.

Rexford L. Hall resides in El Cajon where he is president of the W. D. Hall Company. He is active in the Masonic Lodge and El Cajon civic affairs. Mr. Hall has a daughter, Carole Jean, who is in the junior class at Grossmont. Mr. Hall's service on the Grossmont Board of Trustees began ten years ago.

Unusual is the fact that both incumbents were preceded on the Grossmont Board of Trustees by their fathers. A. B. Foster served on the Grossmont Board from 1916 to 1928. He was succeeded by his son Ralph who served from 1928 to 1936. Clarence Foster succeeded his brother in 1936.

Rex Hall's father, the late W. D. Hall, served as board member from 1921 to 1929.

Candidates for these vacancies must file a declaration of candidacy with the office of Dr. Cecil Hardesty, County Superintendent of Schools by April 20. Forms are available from the County Superintendent's office or from Grossmont Union High School district office.

Candidates must reside in the district and be registered voters.

Desirable qualifications include interest in public education and willingness to put in hours of study without compensation.

SERIES BREAKS RECORDS

The four-game World Series clasic between the New York Giants and the Cleveland Indians last year broke a number of records. The total attendance of 251,507 was far ahead of the previous four-game record of 201,805 drawn by the Yankee-Pittsburgh Pirates games of 1927. Net receipts from attendance, excluding television and radio profits, reached a new high of $1,566,203.

FOR "WHITE GLOVE" COOKING

CLEAN AS CLEAN CAN BE . . .

SWITCH TO CLEAN, SPEEDY, ELECTRICITY!

"I prefer electricity for cooking because it's so clean."

That's what the millions who cook the modern electric way will tell you.

Actually, electricity is such a clean fuel for cooking — you could literally cook in white gloves . . . and keep them clean.

And cleanliness is just one of electricity's great cooking advantages.

It's cool . . . and quick . . . economical . . . automatic . . . and these are but a few of the reasons why you should buy a sparkling, clean, brand new automatic electric range.

See your dealer now . . . let him prove to you that for cooking, electricity is clean as clean can be. And he'll sell you a new electric range on easy terms — ask him.

SAN DIEGO GAS & ELECTRIC COMPANY

ECONOMY TIP FROM REDDY KILOWATT: When you both cook and heat water electrically — you buy your electricity at lower rates.

WATER TANK SITES CHOSEN BY WATERWORKS

Three water tank sites costing $13,750 as part of a system to serve the newly annexed El Cajon district were acquired by option by the local irrigation district.

Tanks holding five million gallons of water will be erected on them. The sites are at Tunnel Hill. The property will be purchased when funds from a bond sale voted by the El Cajon district are available. This is scheduled to be part of a $2 million distribution system to be built for the newly annexed district.

ACCIDENT VICTIM BACK ON JOB

Mrs. Mickey Dick, who was severely injured in an auto accident last October, is back on the job at the Lemon Grove Beauty Shoppe, 3311 Imperial Avenue, according to Jean Parons, the shop owner.

Mrs. Dick was hospitalized for three weeks and was unable to return to work until last week. Her recovery is complete and she is looking forward to welcoming back her old friends, she said.

STATE INCOME TAX DUE FRIDAY

All single persons with incomes of $2,000 or more and all married couples with combined incomes of $3,500 or more must file 1954 state income tax returns.

The state income tax office at 530 Broadway will be open Friday, April 15 at 8:15 a.m. to 9 p.m.

Throwin' The Bull

By BOB TURNBULL

It's a Joke, Son! . . . Courtship: A period just before marriage when two people acquire a set of habits for which they have no use thereafter.

—o—

Altar Arrests . . . April third, of last, Joy Cox exchanged vows with her Air Force fiance. . . . Nancy Burnett will wed Bill Johnson on June 26. Miss Burnett will graduate from Helix in June and her fiance graduated from the Highlander campus in '53.

—o—

Sports Round-up . . . Following is my concensus of some of the big league baseball teams and how they fare out as of now on a comparative basis. New York Yankees: Good catching, second best pitching staff in American league, speedy outfield, strong infield, should place second or first. Washington Senators: Fair catching with no hitters, fair pitchers, weak outfielders but good on defense, fair infield, will place in second division. Boston Red Sox: Pretty good catchers, green pitchers, strong throwing outfield, inexperienced infield, would be lucky to finish fourth. Detroit Tigers: Not so hot catchers, promising pitchers, youthful but strong outfield, sound infield, be lucky to finish fourth. Milwaukee Braves; Excellent catching, powerful pitchers, fast outfield, solid infield, is definitely one of the big three in the National league. More baseball squad run-downs next week.

—o—

April in Azure . . . was the name of the very successful dance sponsored by Iota Theta Phi fraternity of San Diego Junior College. The band was the "Pastels" with the Mello-tones and Ray Rogers (Tony's Bomb-Shelter) providing the entertainment. The event took place in the ballroom of the San Diego Club on April 1. The guys 'n gals from the Heartland area were; Sally Culver 'n Carlos Fackrell, Carrie Boyd 'n Bob Turnbull, Bobbie Montgomery 'n Ted Glavas, Wanda Stowers 'n Leonard Williams, Michelle Murphy 'n Tom McCabe, Cassie Wilson 'n Manny Ventura, and Glenna McAnish 'n Don Warfield.

Local Scuttlebutt . . . Three portable frame and stucco classrooms will be added to facilities at Helix High. Each will have 800 square feet. . . . Be sure to listen to the Don Howard Show from 3 to 6 p.m. and from 11 p.m. to 1 a.m. Monday thru Friday on Station KSDO—1130 on your dial. . . . If you throw any parties, go to any dances or slumber(less) busts then be sure to let me know of them so they can be mentioned in this here payper. . . . The Metro League of San Diego County (consisting of Helix, Mar Vista, Chula Vista, Sweetwater, and of course Grossmont) will move from the small schools bracket up to the central group, the same level as the City League. This will all take place in the Fall. . . . The Helix Highland presentation of the "Seven Last Words of Christ" was beyond description. Everyone in the audienec thoroughly enjoyed the production. . . . Now playing at the Grove theater: "Track of the Cat" and "Ten Wanted Men." Starting Sunday: "Dr. Jekeyll and Mr. Hyde" with the companion feature being "A Woman's Face" with Joan Crawford. . . . "He that believeth and is baptized shall be saved; but he that believeth not shall be damned." (Mark 16:16).

Beach Time . . . The following Highlanders, alumni and their friends were seen sometime during the Spring vacation at either La Jolla shores or coves, "Old Mission" or just Mission Beach soaking in some of that good ole California sun, playing baseball, football, volleyball and just shootin' the breeze: Jim Ethridge, Sally Culver and Carlos Fackrell, Marla Fackrell, Tom Kelly, Ernie Merk, Lulu Doud, Donalda Beebe, Leilani Rose, Bob Turnbull, Lorraine Sawyer, Bobbie Sable, Cedric Jordan, Ron Junkin, Manny Ventura, Pete Selto, Jim Sinegal, Bruce Bender, Joyce Brennan, Monte Rose, Leonard Williams, Buddy Davis, Glen Crosbie, Bob Beasley, Dick Berdel, Bill Kemper, Sharon Cassell, Bob Withem, Diane Gilmore, Carrie Boyd, Jean Anderson, Beverly Bodie, Joye Klopcic, Ann Murray,, Jerry Bower, Bob Nelson, Clarence "Itchy" Brown and his sister, Pat.

Teachers Support Public Schools Week

Three powerful organizations, the California Teachers Association with 73,000 members; the California Association of School Administrators and the California Association of Secondary School Administrators have joined in pledging their support to the 36th annual Public Schools Week, April 25-30.

Robert C. Gillingham, president of the Teachers Association said: "California's traditional faith in public education and the never failing response of California people to the needs of our schools are in no small measure attributable to the acquaintance with public education which has been generated year by year during annual Public Schools Week."

Vaughn D. Seidel, president of the California Association of School Administrators said that at no other time in American history has the importance of our system of free education been so widely recognized.

"People everywhere are looking to the schools to provide the training in citizenship that will enable tomorrow's citizens to stand up against the continuing attack on democracy being waged by counter idealogies," he said.

"Public Schools Week is an opportunity for strengthening the bonds between the school and the community."

According to Leslie W. Hedge, president California Association of Secondary School Administrators a visit to the schools during this week will afford the individual an opportunity to renew faith in the future.

In Lemon Grove an essay contest will again be held. Sponsored by the Grove Masonic Order three $25 bonds will be given to school children turning in the best paper on "Free Public Schools Are Essential in a Democracy."

Judges for the event are three Grove pastors: Dan Apra, Donald Cook and Bob Rochelle.

Committee members for the contest are Judge Luther Hussey, Max Goodwin, Clarence Allen, John Dail, Cal Nicholl and Tom Parson.

FROM MAYFAIR'S PRESIDENT

A customer stopped me in the store the other day and said "Why don't you tell people what Crisp, Fresh Produce you carry? The market where I usually shop doesn't have beautiful white radishes like these. I wish I had known before about your produce. I would have been a Mayfair customer long ago."

After getting this suggestion I decided I had better tell you we do try to carry the finest produce we can buy.
